

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

The JOURNAL OF THE ARCHAEOLOGICAL INSTITUTE OF AMERICA was established in 1897. It contains:

- I. Archaeological Papers of the Institute, in the fields of American, Christian, Classical, and Oriental Archaeology.  
Papers of the American School of Classical Studies at Athens.  
Papers of the American School of Classical Studies in Rome.
- II. Proceedings of the Institute.  
Summaries of Archaeological News and Discussions.  
Classified Bibliography of Current Archaeological Literature.  
Correspondence; Notes and Notices.
- III. Reports of the Institute, including those of the Council, of the Managing Committees of the Schools of Classical Studies at Athens and Rome, and of other Committees of the Institute.
- IV. Bulletins (separately paged) containing miscellaneous matter in general supplementary to that of the Reports.

This material is distributed, as convenience determines, in the different numbers of the Journal for the year.

Communications for the Editors may be addressed to JOHN H. WRIGHT, *Editor-in-Chief*, 38, Quincy Street, Cambridge, Mass., or to any member of the Editorial Board.

The Department of Archaeological News, Discussions, and Bibliography is in charge of Professor FOWLER (49, Cornell Street, Cleveland, Ohio). Material for this department should be addressed to him.

Subscriptions and advertisements will be received by THE NORWOOD PRESS, Norwood, Mass., and by the Macmillan Company, 66, Fifth Avenue, New York.

## ANNUAL MEETING OF THE COUNCIL

### *To the Members of the Archaeological Institute :*

The Fifteenth Annual Meeting of the Council was held in the Library of the Department of Architecture at Columbia University in New York on Saturday, May 13, 1899.

The Council was called to order at 10.25 A.M. There were present: Messrs. Bowditch, Fowler, Hale, Marquand, Norton, Perry, Peters, de Peyster, Platner, Robinson, Seymour, Tisdall, Wheeler, White, Mrs. Whitman, Messrs. Wright and Young. Professor Kelsey and Professor Perrin were present as official representatives respectively of the Detroit and of the New Haven Societies. Members of the Managing Committees of the Schools at Athens and Rome were present as guests of the Council and were invited to take part in its discussions.

Reports were received from the Executive Committee of the Council and from the Managing Committees of the Schools in Athens and Rome.

The Executive Committee reported, in part, as follows :

The Institute, since the last annual meeting of the Council, has suffered the loss, by death, of three of its members, Dr. William Pepper, a Vice-President and the President of the Pennsylvania Society; Mr. David L. Bartlett, long an honored member of the Baltimore Society; and Mr. George Dennis, one of its Honorary Members.

The Executive Committee, on the death of Dr. Pepper, unanimously elected Mr. C. P. Bowditch of the Boston Society a Vice-President of the Institute. Since the last brief report to the members of the Institute published in May, 1898, the following members have been added to the Council: Mr. C. P. Bowditch, as a Vice-President of the Institute; Mrs.

Cornelius Stevenson, as President of the Pennsylvania Society; and Rev. Dr. John P. Peters, Mr. Franklin MacVeagh, Professor S. B. Platner, and Professor E. P. Morris as elected members respectively of the New York, Chicago, Cleveland, and New Haven Societies. The members of the Council now number thirty-nine.

During the past year, by invitation of the Executive Committee, Professor Charles Waldstein, Slade Professor of the Fine Arts in the University of Cambridge, England, Professor B. Perrin, Professor of Greek in Yale University, Dr. Joseph Clark Hoppin, Instructor in Classical Archaeology at Bryn Mawr College, Professor James Breasted, Professor of Egyptology in the University of Chicago, and Professor Thomas Day Seymour, Professor of Greek in Yale University, have lectured before the Societies of the Institute.

The Executive Committee submitted an order of business,—in some cases with report of preliminary action and with recommendations,—which was followed by the Council in transacting its business.

Professor Seymour reported for the joint committee of the Council and of the School at Athens on the publication of the results of the excavations at the Argive Heraeum. (See the following report for details of the publication.) The report concluded with the announcement that the joint committee, on the suggestion of Professor Waldstein, the director of the excavations, had unanimously voted to dedicate the work to Professor C. E. Norton, the founder and first President of the Institute, whose wise counsels and active interest had greatly promoted the welfare of the School at Athens.

Professor Norton addressed the Council.

Professor Waldstein, the guest of the Institute, was introduced by the President and addressed the Council.

Rev. Dr. John P. Peters presented a report from the Society of Biblical Literature and Exegesis in respect to the American School of Oriental Study and Research in Palestine. The Society has approved by vote the union of the School with the Institute on the terms voted by the Council at its annual meeting in 1898, but no further steps towards the organization of the School will be taken until the return of Professor J. H. Thayer from Europe.

The Secretary of the Institute reported that the members of the Institute numbered 851, of whom 123 were Life Members and 728 Annual Members, and that the subscribers to the *Journal of the Institute* numbered 232. The Secretary presented also his annual report on the stock of publications of the Institute and School at Athens, now stored at the Norwood Press.

Reports were presented by the chairmen of the Committees on Membership of the Affiliated Societies, which aroused general and vigorous discussion. The Council then proceeded to the informal discussion of the system of lectures before the Affiliated Societies of the Institute which had been in operation for the past two years.

Professor J. R. Wheeler, on behalf of the Committee on American Archaeology, reported that, as recommended by the committee at the last annual meeting of the Council, an Associate Editor of the *Journal of the Institute* had been appointed, and a member elected to the Council to represent specially the interests of American Archaeology, and requested that the committee be discharged.

Mr. C. P. Bowditch addressed the Council on the claims of American Archaeology and on the best means of promoting its investigation, and submitted plans by which the Institute might further the study in particular of Central American Archaeology. It was voted that a standing committee of three should be appointed to take into consideration the subject of American Archaeology in its relation to the Institute.

The Treasurer reported the receipt, including last year's balance, since September 1, 1898, of \$7071.66, and expenditures to the amount of \$6886.27. The estimated income for the remainder of the fiscal year 1898-99 is \$3427.12, and the estimated expenses, \$2240.03. The budget for 1899-1900, amounting to \$8850, was approved.

The Council elected its officers for 1899-1900 as follows: President, John Williams White; Vice-Presidents, Charles P. Bowditch, Daniel C. Gilman, Martin A. Ryerson, Thomas Day Seymour, and Talcott Williams. The Council received with

regret the resignation, because of ill-health, of James Loeb, Treasurer of the Institute, and committed the election of his successor to the Executive Committee.

The President announced that he should be absent in Europe during the greater part of the year 1899-1900, and the Council requested Professor Seymour, a Vice-President of the Institute, to assume the duties of President during this time.

The Council voted to hold the first general meeting of the members of the Institute for the reading and discussion of scientific papers on archaeological subjects during the Christmas holidays of 1899; and authorized the Executive Committee to make the proper arrangements. An announcement of this meeting will be sent to each member of the Institute in the autumn.

The Council voted also to hold the second scientific meeting of the members of the Institute during the Christmas holidays of 1900, in conjunction with the American Philological Association and other learned societies, at a place to be announced at a later time.

Professor Wright, in behalf of the Editors, presented a report on the *Journal of the Institute*, which was accepted and approved. This report contained the following recommendations: (1) That the Institute make an appropriation of \$4500 for the expenses of the *Journal* during the year 1899; (2) that a Business Manager be appointed and his selection be committed to the Board of Editors. The Board of Editors subsequently announced that they had unanimously selected Dr. Clarence H. Young to assume the duties of business manager, and that he had accepted.

The Council, by vote, requested the Executive Committee to express to Mr. Loeb, the Treasurer of the Institute, and to Professor Hale, Chairman of the Managing Committee of the School in Rome, the thanks of the Council for the important services they had rendered the Institute, and its regret that they had been compelled to tender their resignations.

Other matters of business were entrusted to the Executive Committee, and the Council adjourned at 5.15 p.m.

I beg to submit herewith a summary of the reports made to the Council by the Chairmen of the Managing Committees of the Schools in Athens and Rome.

For the COUNCIL,

JOHN WILLIAMS WHITE, *President*.

### ANNUAL MEETING OF THE MANAGING COMMITTEE

The Managing Committee of the American School of Classical Studies at Athens met at Columbia University, at 10 o'clock A.M., on May 12, 1899. Present: Professors Seymour (Chairman), Baird, Fernald, Goodwin, Harkness, Howes, Leach, Norton, Perrin, Perry, Smyth, Tisdall, Van Benschoten, Ware, B. I. Wheeler, J. R. Wheeler, White, and Wright. Mrs. President Irvine represented Wellesley College; Miss Williams, Mt. Holyoke College; and Professor Fowler, the Western Reserve University. Professor Platner, Secretary of the Managing Committee of the School in Rome, Dr. J. C. Hoppin, formerly Lecturer in our School, and Mr. G. H. Chase, formerly Fellow of the School, sat with the Committee.

After the reading of the minutes of the meeting of May, 1898, the Chairman made a report on the condition of the School.

Smith College has joined the institutions which are associated in the support of the School, and Professor Henry M. Tyler has been elected a member of the Managing Committee. The School has good reason to expect the support of another University. Otherwise, the membership of the Managing Committee remains unchanged.

The number of students of the School in 1898-99 has been larger than ever before,—fifteen, all of whom were still in Greece on May 1. Of these, six have worked in connexion with the School for at least one year previously; one, Mr. De Cou, is in his fifth year of residence. Never, we are assured by the Director, has the work of the School been more earnest and enthusiastic.

Mrs. Courtland Hoppin, Miss Hoppin, and Dr. J. C. Hoppin have announced their intention to make the Agnes Hoppin Memorial Fellowship, with a stipend of \$1000, permanent during their lifetime.

Miss Harriet A. Boyd has been appointed Agnes Hoppin Memorial Fellow for 1899-1900. The other two fellowships of the School have been awarded to Mr. Benjamin Powell, A.B., Cornell University, 1896, A.M., *ibid.*, 1898, and Mr. James Tucker, A.B., Brown University, 1897, at present a member of the School.

The regular income of the School for the year 1898-99 seems likely to be about \$7000, made up as follows: from Endowment Fund and interest on deposits, \$2715.28; from sale of publications, \$100.10; from the supporting colleges, \$4060. The expenses of the School, in accordance with the appropriations already made, seem likely to be about \$6450. The balance for the year, together with the balance at the close of the last financial year, amounts to just about the sum which the School has undertaken to expend for the publication of the results of the excavations at the Argive Heraeum.

The Heraeum Publication is nearly ready for the press. It will be issued in two quarto volumes, with about 113 plates and 370 illustrations in the text. Six or seven of the plates will be of folio size, ten will be heliogravures of the most perfect workmanship, and six or seven will be colored. In this publication, Professor Waldstein will be assisted by Dr. J. C. Hoppin (Vases), Mr. E. L. Tilton (Architecture), Mr. H. F. De Cou (Bronzes), Professor Richardson (Inscriptions), Mr. G. H. Chase (Terra Cottas), Professor Richard Norton (Gems and Gold Ornaments), Mr. A. M. Lythgoe (Egyptian Scarabs, etc.). At the meeting of the Committee, Professor Waldstein made an interesting address on the work at the Heraeum.

The excavations at Corinth were resumed in April, but so short a time before the meeting of the Committee that no detailed report can be given with regard to the discoveries of the year. Several additional headless statues have been found,

some of the Greek and others of the Roman period, and a head which seems to belong to one of the figures which were uncovered in 1898, and an inscribed base. The hypaethral spring at Pirene and a part of its façade have been found, and the spring of Glauce, which was not remodelled in the Roman period. The peribolus of Apollo in front of Pirene has proved to be highly symmetrical. The circular issued in January of this year by the Chairman of the Committee, asking for money for the excavations at Corinth, brought \$857.50. Furthermore, Mrs. Phebe A. Hearst, being in Greece, became interested in the work and contributed \$1000 towards it, and the Executive Committee of the Council of the Institute appropriated \$500 for the same purpose.

Professor Perry of Columbia University is elected Professor of the Greek Language and Literature in the School for 1900–1901. Professor Shorey of the University of Chicago is elected to the same professorship for the year 1901–1902.

Miss Professor Leach, of Vassar College, is elected Chairman of the Committee on Fellowships in place of Professor B. I. Wheeler, who resigned the office.

Professor Perrin has resigned the Chairmanship of the Committee on Lantern Slides, and is succeeded by Professor Howes, who is instructed to confer with the similar committee of the Institute and of the Roman School, with the hope that a central office may be established for the loan and duplication of slides and photographs for the illustration of classical archaeology.

Apparatus for electric lighting has been introduced into the School at Athens. The convenience and advantage of this improvement will be appreciated by those who are familiar with the primitive means of illumination which have been available heretofore.

THOMAS DAY SEYMOUR,

*Chairman of the Managing Committee.*

YALE UNIVERSITY,  
May 15, 1899.

## AMERICAN SCHOOL IN ROME

---

### ANNUAL MEETING OF THE MANAGING COMMITTEE

The Fifth Annual Meeting of the Managing Committee of the American School of Classical Studies in Rome was held at Columbia University on May 11, 1899. The attendance was larger than at any previous meeting, there being present: Professor Hale of the University of Chicago (Chairman), Professors White, Smith, and Wright of Harvard, Warren of Johns Hopkins, Seymour of Yale, Kelsey of the University of Michigan, Marquand of Princeton, Ware, Egbert, and Wheeler of Columbia, Gudeman of the University of Pennsylvania, Moore of Vassar, Fowler and Platner of Western Reserve, Ashmore of Union, Williams of Mt. Holyoke, and Herbermann of the College of the City of New York.

The reports of the Director, Professor Peck, of the Professor of Archaeology, Professor R. Norton, and of the Professor of the Latin Language and Literature, Professor Merrill, were read, after which the Chairman reported upon the various plans for carrying on the work of the School which had been under consideration by the Committee.

A committee, consisting of Professors Marquand and Kelsey, was appointed to coöperate with similar committees of the Institute and of the School at Athens in devising a plan for a collection of lantern slides of objects in the field of classical archaeology, these slides to be loaned or duplicated and sold.

The Committee on Fellowships reported through the chairman, Professor Warren, that the two Fellowships in Classical Archaeology had been awarded to George Dwight Kellogg,

A.B., Yale University, 1895, Ph.D., *ibid.*, 1898, at present Instructor in Latin at Yale, and to Grant Showerman, A.B., University of Wisconsin, 1896, A.M., *ibid.*, 1897, and at present a Fellow of the School in Rome.

The Fellowship in Christian Archaeology was awarded to the Rev. Walter Lowrie, who held the same Fellowship during the year 1895-96.

The usual budget was approved, and the Committee voted that it was inexpedient to renew the lease of the Villa Story, now occupied by the School, and authorized the Director-elect to select other quarters. The Committee further decided that for the present it was expedient to confine the regular instruction in the School to the Classical Period.

The Chairman of the Committee declining a reelection, the following resolution was adopted by unanimous vote :

*Resolved:* That the Committee of the School accept with regret the resignation of Professor Hale as Chairman, and desire to express their appreciation of his long and faithful service as Chairman, and of his unselfish devotion to the best interests of the School.

The following officers were then elected :

Chairman, Professor Minton Warren of Johns Hopkins University; Acting Chairman and Secretary, Professor E. T. Merrill of Wesleyan; additional members of the Executive Committee, Professors F. W. Kelsey of the University of Michigan, A. F. West of Princeton, Tracy Peck of Yale, and A. Gudeman of the University of Pennsylvania; Committee on Fellowships, Professors Peck, Smith, and Marquand.

Richard Norton, for the past two years Professor of Archaeology in the School, was appointed Director for five years.

Professor S. B. Platner was appointed Professor of Latin for the year 1899-1900, Professor F. W. Kelsey for 1900-1901, and Professor F. F. Abbott for 1901-1902.

Mr. C. C. Cuyler, the Treasurer of the School from its foundation, announced that he would be unable to continue in office after November, and the following resolution was unanimously adopted :

*Resolved:* That the Committee of the School accept with great regret the resignation of Mr. C. C. Cuyler as Treasurer, and wish to express to him their deep sense of gratitude for the cordial interest which he has manifested in the School from the beginning, and for the very effective service which he has rendered it as Treasurer. Although this connection is severed the Committee trust that Mr. Cuyler will continue to have the same friendly interest in the School, and will be ready to further its advancement as opportunity may offer.

A committee was appointed to select a Treasurer.

WILLIAM GARDNER HALE,

*Chairman of the Managing Committee.*

UNIVERSITY OF CHICAGO,

*May 15, 1899.*
